My dad never expected to need help. He was strong, independent and had self pride, but as his illness progressed we all knew extra assistance was required, more so, as he desired to stay in his own home. Prairie Hospice came into our lives and immediately gave us much needed hope and help. Dad lived out his last months, knowing and grateful for those he met through Prairie Hospice. He appropriately nicknamed them "his guardian angels" and to us all, they were.

- Brynn Boback Lane

I have found volunteering with Prairie Hospice to be one of the most rewarding experiences of my life. Individuals and families have welcomed me into their homes and lives and I am forever grateful to have shared their journeys. It has given me the opportunity to grow by experiencing different ways in which individuals face end-of-life issues.
